Re: U.S. Patent Appl. No. 09/622,816
Weinberg *et al.*
"Lipid Emulsions in the Treatment of
Systemic Poisoning"
Our Ref.: 29992/35364

Dear Ms. Dallman:

In response to our conversation, enclosed are the following documents (a) "Response to Notification of Missing Requirements Under 35 U.S.C. § 371 in the United States Designated/Elected Office DO/EO/US and Request to Rescind Notification of Abandonment" with attached appendices A-E, (b) a copy of a return receipt postcard showing that the original of the foregoing document was forwarded to Box PCT via USPS Express Mail and received by the Legal Staff of the International Division, and (c) a copy of the negotiated check that accompanied the response. In view of the fact that inventors' declaration/oath was forwarded to the Patent Office on 9 July 2001 via Express Mail, said declaration/oath should be considered as received and filed on the same date.
